Alessandro G. Zavatti

8046 NW 46th TER. Miami, FL. 33166 | 615-602-1641 | azavattig@gmail.com | linkedin.com/in/alessandrozavatti

Logistics and supply chain analyst with 5+ years of experience in transportation and inventory management. Improved fulfillment processes, reduced freight costs, and built operational reporting to support decisions. Skilled in SQL, Python, Tableau, and Excel, with hands-on forecasting and fleet-routing model development.

EXPERIENCE

Pavind S.r.l., Sulmona, Italy | Route Optimization Analyst **August 2025 - July 2026**

- Built a route-optimization engine for a municipal road-cleaning fleet, modeling it as a Capacitated Vehicle Routing Problem with Time Windows (CVRPTW) in Google OR-Tools.
- Added a demand-forecasting layer (Prophet/LightGBM) and modeled real day/night shift constraints to drive proactive, shift-aware scheduling.
- Reduced route distance by 15% and cut idle fleet hours by 12%.

DealNexa, Miami, FL (Remote) | Co-Founder **July 2025 - May 2026**

- Co-founded and built a deal-management platform for private equity and venture capital teams; managed product and operations, including customer relationship management (CRM) and enterprise resource planning (ERP) workflows.
- Built a Claude API due-diligence engine to review company documents and flag risks; developed tools that extracted Excel data for leveraged buyout (LBO) and discounted cash flow (DCF) models.

Outlier.ai, Remote | AI Writing Evaluator (Platinum Tier 3) **April 2024 - June 2025**

- Evaluated 150+ assistant and user interactions monthly using rubrics for factual accuracy, completeness, brevity, and grammar.
- Reviewed work from 15 writers weekly and provided feedback on accuracy, consistency, and adherence to project guidelines.
- Wrote original responses to varied prompts in accordance with project specifications.

TL TRADING CORP, Houston, TX (Remote) | Logistics Analyst **August 2018 - December 2023**

- Analyzed historical logistics data to optimize delivery routes, achieving a 10% reduction in transportation costs through streamlined freight consolidation strategies.
- Identified warehouse inefficiencies and implemented process improvements, reducing order fulfillment time by 18%, improving customer satisfaction and delivery speed.
- Developed real-time reporting systems and enhanced inventory management policies, reducing stock discrepancies by 8% and providing leadership with improved visibility for decision-making.

TL TRADING CORP, Houston, TX | Business Development Associate **March 2018 - August 2018**

- Conducted cold outreach across U.S. and international markets, converted leads into clients, and closed agreements.
- Led SEO, PPC, content, and social media campaigns to support customer acquisition.
- Used purchase history to help develop a customer feedback process that supported repeat business.

G.P. ALPA, Caracas, Venezuela | Warehouse Team Lead **June 2016 - September 2017**

- Coordinated shipping schedules across teams, reducing delivery lead times by 10%.
- Led a warehouse storage redesign that improved access to high-demand products and increased pick-and-pack efficiency by 20%.
- Helped deploy an inventory reporting system to improve shipment accuracy.

EDUCATION

Florida International University, Miami, FL **January 2019 - May 2023**

Bachelor of Business Administration, Management | **GPA:** 3.78

Professional Certifications: Certificate of Competency in SQL (LearnSQL.com), Google Data Analytics Specialization (Coursera.org)
